Thursday, August 10, 2023.

Dear Mme/Sir,

I hope this message finds you in good health. I am writing to express my keen interest in securing an internship opportunity for a duration of 4-6 months within your prestigious company. As a second-year student in Information and Communication Technology Engineering at the École Supérieure des Communications de Tunis (SUP'COM), I am eager to gain valuable hands-on experience and contribute to a dynamic team like yours.

My passion for software engineering and automation has driven me to explore various technologies in the DevOps field. I have pursued independent studies and practical use of tools such as Jenkins, Linode, AWS, Selenium, Kubernetes, and Docker. Furthermore, I am proficient in Node.js, React.js, and MySQL, which has strengthened my technical skills.

I am enthusiastic about the prospect of learning from experienced professionals in the industry and working on concrete projects that align with my academic interests. An internship within your company would provide me with the opportunity to enhance my knowledge and skills in software development and related technologies.

Sincerely,

BESBES Oussema
